

Dear Healthcare Provider,

Do you need a referral resource for COVID-19 testing?

Avance Care can provide testing for your patients.

We're offering telehealth to all new and existing patients to determine if testing is indicated.

If your patient prefers an in-person visit, we can do that, too.

We're open seven days a week; same-day appointments are available.

If testing is indicated, patients will be directed to one of our 14 drive-thru testing sites in the greater-Triangle area.

By working together, we may help patients avoid expensive emergency department visits and provide relief for our overburdened hospitals.

Yours in health,

Joanne Fruth, MD, FAAFP
Avance Care Medical Director

COVID-19 Resources

We've put together a resource for patients and providers, including FAQs on COVID-19, telehealth, and a regularly updated toolkit for independent primary care providers. Get the latest here: <https://www.avancecare.com/covid-19/>

About Avance Care

Avance Care operates a network of primary care practices in the Triangle area of North Carolina. Our patient-centered model focuses on access, prevention and disease management, and provides an exceptional experience and improved outcomes. With a dedication to providing unprecedented accessibility and convenience, each Avance location is open seven days a week, with same-day and next-day appointments available.
